

The "ASK" Workshop

Assessing for Suicide in Kids

LIVESTREAM

FOR THOSE WORKING & LIVING WITH KIDS 5-14

Learn about:

- A research based definition of suicidality in children
- Research on a child's understanding of death and suicide
- Key questions helpers need to ask to assess risk
- Risk factors & how to use protective factors
- How to talk to kids about death & suicide
- How to align with adults in the child's life for safety
